make selling cars easier. .
. Let's make selling trucks faster. . . And for heaven's sake, let's make it fun! Imagine for a moment how it would feel if you could sell cars just by being yourself and finding ways to serve others naturally and easily. How would your life be different if sales opportunities continuously dropped out of the sky and into your lap, with no stress or struggle? Would you like to sell 80 percent of the people you talk to every day? The automotive business is a gold mine. Not just for a few natural salespeople---for anyone. In this industry, anyone can

advance as far as they want. There's no barrier to entry, and there's no glass ceiling. Your raise becomes effective when you do.

Damian Boudreaux started out cleaning parts in his friend's transmission shop. From there, he tried and stumbled and tried again to sell more cars than the month before. It wasn't until he began to open his eyes and pay attention to the people around him that he understood what it really takes to succeed in the automotive business. The lessons he learned during his journey to becoming a consistently top-selling salesman are humbling and

Known as one of the most aggressive Confederate officers in the Western Theater, Brigadier General Alfred Jefferson Vaughan Jr. is legendary for having had eight horses shot out from under him in battle—more than any other infantry commander, Union or Confederate. Yet despite the exceptional bravery demonstrated by his dubious feat, Vaughan remains a

largely overlooked Civil War leader. In Confederate Combat Commander, Lawrence K. Peterson explores the life of this unheralded yet important rebel officer before, during, and after his military service. A graduate of Virginia Military Institute, Vaughan initially commanded the Thirteenth Tennessee Infantry Regiment, and later Vaughan's Brigade. He served in the hard-fought battles of the western area of operations in such key confrontations as Shiloh, Perryville, Stones River, Chickamauga, Chattanooga, and the Atlanta Campaign. Tracing Vaughan's progress

through the war and describing his promotion to general after his commanding officer was mortally wounded, Peterson describes the rise and development of an exemplary military career, and a devoted fighting leader. Although Vaughan was beloved by his troops and roundly praised at the time—in fact, negative criticism of his orders, battlefield decisions, or personality cannot be found in official records, newspaper articles, or the diaries of his men—Vaughan nevertheless served in the much-maligned Army of Tennessee. This book thus assesses what

responsibility—if any—Vaughan bore for Confederate failures in the West. While biographies of top-ranking Civil War generals are common, the stories of lower-level senior officers such as Vaughan are seldom told. This volume provides rare insight into the regimental and brigade-level activities of Civil War commanders and their units, drawing on a rich array of privately held family histories, including two written by the general himself. Lawrence K. Peterson, a retired airline pilot, worked as a National Park Service ranger and USAF officer. He is the great-

fugitive, accidentally discovers he has the powers of a Psion. ... Plucked off the streets, he is thrust into the rigorously-disciplined environment of Psion Beta headquarters. As a new Beta, Sammy must hone his newfound abilities using holographic fighting simulations, stealth training missions, and complex war games. His fellow trainees are other kids competing to prove their worth so they can graduate and contribute to the war effort. But the stifling competition at headquarters isolates Sammy from his peers. Learning to use his incredible abilities
