You are at a nightclub talking to a girl with a shaved head. The club is either Heartbreak or the Lizard Lounge. All might become clear if you could just slip into the bathroom and do a little more Bolivian Marching Powder. Then again, it might not... So begins our nameless hero's trawl through the brightly lit streets of Manhattan, sampling all this wonderland has to offer yet suspecting that tomorrow's hangover may be caused by more than simple excess. Bright Lights, Big City is an acclaimed classic which marked Jay McInerney as one of the major writers of our time.

Dans le New York des années quatre-vingt, ce New York flamboyant qui ne semble vivre que la nuit, un jeune homme s'ennuie. Son job de correcteur au Grand Magazine l'assomme et Amanda, l'amour de sa vie, vient de le quitter. Dans la chaleur des clubs, dans l'ivresse des drogues et des excès en tout genre, il cherche une issue qui ressemble à l'oubli. Jay McInerney vit aujourd'hui à New York. Il est notamment l'auteur de Trente ans et des poussières, La Belle Vie et Les Jours enfuis.

Written entirely in the second person, McInerney's first novel is a vivid account of cocaine addiction.

Corrine Calloway is a young stockbroker on Wall Street, her husband Russell an underpaid but ambitious publishing editor. The happily married couple head into New York's 1980s gold rush where prospects and money seem to be flying everywhere, and the best and the brightest vie with the worst and most craven for riches, fame and the love of beautiful people. But the Calloways soon find out that what goes up must come crashing down, both on Wall Street and at home. Brightness Falls captures lives-in-the-making: men and women confronting their sudden middle-age with wit and low behaviour, fear and confusion, and, just occasionally, a little honesty and decency.

From the best-selling author of Bright Lights, Big City: a sexy, vibrant, cross-generational New York story--a literary and commercial triumph of the highest order. Even decades after their arrival, Corrine and Russell Calloway still feel as if they 're living the dream that drew them to New York City in the first place: book parties or art openings one night and high-society events the next; jobs they care about (and in fact love); twin children whose birth was truly miraculous; a loft in TriBeCa and summers in the Hamptons. But all of this comes at a fiendish cost. Russell, an independent publisher, has superb cultural credentials yet minimal cash flow; as he navigates a business that requires, beyond astute literary judgment, constant financial improvisation, he encounters an audacious, potentially game-changing—or ruinous—opportunity. Meanwhile, instead of chasing personal gain in this incredibly wealthy city, Corrine devotes herself to helping feed its hungry poor, and she and her husband soon discover they 're being priced out of the newly fashionable neighborhood they 've called home for most of their adult lives, with their son and daughter caught in the balance. Then Corrine 's world is turned upside down when the man with whom she 'd had an ill-fated affair in the wake of 9/11 suddenly reappears. As the novel unfolds across a period of stupendous change—including Obama 's historic election and the global economic collapse he inherited—the Calloways will find themselves and their marriage tested more severely than they ever could have imagined.

Discover a world of sex, excess and urban paranoia where worlds collide, relationships fragment and the dark underbelly of the American dream is exposed. A transsexual prostitute accidentally propositions his own father. A senator's serial infidelities leave him in hot water. And two young lovers spend Christmas together high on different drugs. McInerney's characters struggle together in a shifting world where old certainties dissolve and nobody can be sure of where they stand.

Bachelor Thesis from the year 2014 in the subject English - Literature, Works, grade: 1,0, University of Cologne, language: English, abstract: The success of his debut novel "Bright Lights, Big City" brought Jay McInerney an astonishing amount of media coverage and an equivalent in book sales, but not much approval, let alone deeper analysis of his work, from critics and scholars. In fact, the hype that surrounded him and his fellow "brat-pack" writers is likely to have prevented any serious scholarly interest in this kind of new urban literature back in the day. "Bright Lights, Big City" was dismissed as a "yuppie bildungsroman- full of tortured self- searching and struggling- writer romance" (Young/Caveney 1992: 47) at first, without any considerable novelty or value. However, the enthusiasm of the large, young readership showed that there was something to McInerney 's novel that other novels did not offer- a setting and a language that were familiar and uncomplicated for them, but, at the same time, an account of relevant, postmodern issues that very well did concern the Bright Young Things of the 80s, but were usually seized in more elitist literature, and thus, eluded an audience that was ready for them to be taken up. This thesis attempts to perform a detailed analysis, starting with a brief description of the historical and cultural features of the setting and then proceeding to the interpretation of all important themes, motifs and symbols of the book in the context of postmodernism but also in general terms. Each chapter investigates the influence of a certain aspect of the protagonist 's life on his crisis, especially in how far one or the other led him to a life on the edge and to the loss of the self. In order to understand why, in the end, the protagonist has to "learn everything all over again" (BLBC 174) to get back on the right track, it is essential to point out the roles that Amanda- his opportunist model wife- his job in the fact checking department and the death of his mother played over time, and how drugs and Ray-Ban sunglasses seem to provide temporary solutions for the most acute of his troubles.

In this bestselling novel, the author of Bright Lights, Big City unveils a story of love, family, conflicting desires, and catastrophic loss in a powerfully searing work of fiction. Clinging to a semiprecarious existence in TriBeCa, Corrine and Russell Calloway have survived a separation and are wonderstruck by young twins whose provenance is nothing less than miraculous. Several miles uptown and perched near the top of the Upper East Side 's social register, Luke McGavock has postponed his accumulation of wealth in an attempt to recover the sense of purpose now lacking in a life that often gives him pause. But on a September morning, brightness falls horribly from the sky, and people worlds apart suddenly find themselves working side by side at the devastated site. Wise, surprising, and, ultimately, heart-stoppingly redemptive, The Good Life captures lives that allow us to see—through personal, social, and moral complexity—more clearly into the heart of things.

Alison Poole, an aspiring actress whose numerous fixations include drugs, parasitic familiarity with fame, and lust, careens through life in monied Manhattan, a society consuming itself in reckless affluence

When the stock market crashes on the Thursday before Easter, you—an ambitious, although ineffectual and not entirely ethical young broker—are convinced that you ' re facing the Weekend from Hell. Before the market reopens on Monday, you ' re going to have to scramble and scheme to cover your butt, but there ' s no way you can anticipate the baffling disappearance of a 300-pound psychic, the fall from grace of a born-again monkey, or the intrusion in your life of a tattooed stranger intent on blowing your mind and most of your fuses. Over these fateful three days, you will be forced to confront everything from mysterious African rituals to legendary amphibians, from tarot-card bombshells to street violence, from your own sexuality to outer space. This is, after all, a Tom Robbins novel—and the author has never been in finer form.
