training. The great majority  
of the respondants stated to  
have between 4 and 5 years  
of training in their  
programs (38,8% and 32,8 %  
respectively). While  
countries suchas Brazil,

# Where To Download Child And Adolescent Psychiatry

Ireland and Germany offer a 6 years program, others like Egypt, Russia, Latvia, Ukraine and Azerbaijan can only apply for a two year-long program.3. 3. Training program curriculum.

According to our results,

# Where To Download Child And Adolescent Psychiatry

only Spain, Norway, Sweden,  
Morocco and Denmark do not  
have a mandatory final exam  
while in Japan, this exam is  
optional. 48,8% of the  
respondants stated to have  
mandatory night shifts.  
Countries such as Iran,

# Where To Download Child And Adolescent Psychiatry

Nepal and Philippines have the higher rates of night shifts per month. Up to 35.29% of the respondents stated to continue with their daily psychiatry clinics after a night shift. DISCUSSION: Major

differences can be found across different countries worldwide in terms of the training program length, breadth and depth of the curriculum. The estimated worldwide-pooled prevalence of child and adolescent
