Ethics in the Real World: 82 Brief Essays on Things That

...

Ethics in the real world is philosophy as it was originally meant to be: careful thinking about real world issues and how to address them. No nonsensical word games, just pragmatic, thought provoking essays about issues anybody should be concerned with, without falling back on "well, God done said in this Bronze Age book written by illiterate herdsmen that..."

Ethics Real World Essays Things - abcd.rti.org

The thing that I like most about this text is that they are all essays that are all three pages long. So you can easily pick up the books, read a few essays and come back to it later. It is nice, especially in the world of philosophy, to have a point of view, pointed out and discussed in a few short pages.
