This volume draws on Foucault’s own research to challenge this view, demonstrating the central importance of his work for the study of contemporary politics. It focuses on liberalism and neo-liberalism, questioning the conceptual opposition of freedom/constraint, state/market and public/private that inform liberal thought.

~~Foucault And Political Reason: Liberalism, Neo-Liberalism ...~~

Synopsis. Despite the enormous influence of Michel Foucault in gender studies, social theory, and cultural studies, his work has been relatively neglected in the study of politics. Although he never published a book on the state, in the late 1970s Foucault examined the technologies of power used to regulate society and the ingenious recasting of power and agency that he saw as both consequence and condition of their operation.

~~Foucault and Political Reason: Liberalism, Neo-Liberalism ...~~

One of the virtues of the analyses carried out by Michel Foucault and his coworkers has been to further problematize the forms of political reason that constituted this orthodoxy, to demonstrate the debility of the language that has captivated political philosophy and sociology for over a century, with its constitutive oppositions of State/civil society, domination/emancipation, public/private and the like.

~~Foucault and Political Reason: Liberalism, Neo-Liberalism ...~~

For Foucault’s late invocations of rights present not merely an apparent problem of intellectual coherence, given his early critiques of what many have taken to be the metaphysical grounds of liberalism generally, and rights talk more specifically, but an apparent source of both political embarrassment to adepts and disciples of the earlier Foucault, and unembarrassed glee mixed with Schadenfreude to erstwhile liberal critics, who are pleased he had come to his senses at last.

~~Was Foucault a Liberal and Should We Care?—Jurisprudence~~

34In writing his history of liberal governmentality, Foucault says repeatedly that he does not wish to set out from the universals of political philosophy (subjects, state, civil society, and so forth) but from concrete practices and the way in which they are reflected and rationalized, following the method already put to work not so long before, in Discipline and Punish. This project is partly realized in the first stage, dedicated to the eighteenth century, since through practices (among ...
