inheritance is a recipe. Perdita Lee may appear to be your average British schoolgirl; Harriet Lee may seem just a working mother trying to penetrate the school social hierarchy; but there are signs that they might not be as normal as they think they are. For one thing, they share a gold-painted, seventh-floor walk-up apartment with some surprisingly verbal vegetation. And then there's the gingerbread they make. Londoners may find themselves able to take or leave it, but it's very popular in Druhástrana, the far-away (or, according to many sources, non-existent) land of Harriet Lee's early youth. The world's truest lover of the Lee family gingerbread, however, is Harriet's charismatic childhood friend Gretel Kercheval—a figure who seems to have had a hand in everything (good or bad) that has happened to Harriet since they met. Decades later, when teenaged Perdita sets out to find her mother's long-lost friend, it prompts a new telling of Harriet's story. As the book follows the Lees through encounters with jealousy, ambition, family grudges, work, wealth, and real estate, gingerbread seems to be the one thing that reliably holds a constant value. Endlessly surprising and satisfying, written with Helen Oyeyemi's inimitable style and imagination, it is a true feast for the reader.

When a class leaves for recess, their just-baked Gingerbread Man is left behind. But he's a smart cookie and heads out to find them. He'll run, slide, skip, and (after a mishap with a soccer ball) limp as fast as he can because: "I can catch them! I'm their Gingerbread Man!" With help from the gym teacher, the nurse, the art teacher and even the principal, the Gingerbread Man does find his class, and he's assured they'll never leave him behind again. Teachers often use the Gingerbread Man story to introduce new students to the geography and staff of schools, and this fresh, funny twist on the original can be used all year long. Includes a poster with fun activities!

"I have promised to be a model citizen daughter....I have confined my Shrimp time to making out with him in the Java the Hut supply closet and quick feels on the cold hard sand at the beach during our breaks, but enough is enough....Delia and I are planning a party at Wallace and Shrimp's house and I am spending the night whether Sid and Nancy notice or not. I will be as wild as I wanna be." After being kicked out of a fancy New England boarding school, Cyd Charisse is back home in San Francisco with her parents, Sid and Nancy, in a household that drives her crazy. Lucky for Cyd, she's always had Gingerbread, her childhood rag doll and confidante. After Cyd tests her parents' permissiveness, she is grounded in Alcatraz (as Cyd calls her room) and forbidden to see Shrimp, her surfer boyfriend. But when her incarceration proves too painful for the whole family, Cyd's parents decide to send her to New York to meet her biological father and his family, whom Cyd has always longed to know. Summer in the city is not what Cyd Charisse expects -- and Cyd isn't what her newfound family expects, either. With Gingerbread, debut author Rachel Cohn creates a spirited world of in-your-face characters who are going to stay with readers for a long time.

A young boy and his mother bake a gingerbread baby that escapes from their oven and leads a crowd on a chase similar to the one in the familiar tale about a not-so-clever gingerbread man.
