HOW TO NOT BUY BOOKS**There's a Word for Buying More Books Than You'll Ever Read** How To Value Buy Or

Our calculator will give you an approximate value for your business by taking the annual sales and multiplying it by the appropriate industry multiplier. For example, if you are selling a law firm that made \$100,000 in annual sales, the industry sales multiplier is 1.03, and the approximate value is \$100,000 (x) 1.03 = \$103,000.

Business Valuation Calculator: How Much Is Your Business ...

You can reach a valuation by adding the dividends forecast for the next 15 or so years, plus a residual value at the end of the period. You calculate today's value of each future cash flow using a discount rate, which accounts for the risk and time value of the money.

How to value a business: a guide for small business owners

To find a suitable valuation for your company, multiply this figure by anything between 3 and 5 times (this is the norm). Be careful not to overvalue your company at this point – smaller businesses should be at the lower end of this scale whilst most larger companies with a strong reputation can be towards 8 times.
