Professional Negligence and Professional Liability ...

In the English law of tort, professional negligence is a subset of the general rules on negligence to cover the situation in which the defendant has represented him or herself as having more than average skills and abilities. The usual rules rely on establishing that a duty of care is owed by the defendant to the claimant, and that the defendant is in breach of that duty. The standard test of breach is whether the defendant has matched the abilities of a

Medical negligence can be said to be the failure of the medical practitioner to exercise a reasonable duty of care in the course of his duty as a professional in that field. Thus, a registered practitioner who fails to exercise the skill or act with the degree of care expected of his experience and status in the process of attending to a patient may be liable for professional negligence.

required in professional negligence cases. The final part of the manual focuses on providing students with an introduction to the key people and bodies whom they will commonly encounter in this area of practice. It also provides consideration of the availability and impact of funding arrangements on professional negligence cases and alternative dispute resolution. This manual will be an invaluable guide for students wishing to practice in civil common law chambers, particularly in the areas of professional negligence or personal injury.
