"Reinventing the Curriculum is an essential text for all curriculum scholars and teachers who wish to understand and explore 21st century curriculum making. Grounded in a case study of Scotland's Curriculum for Excellence and against the backdrop of international trends, the authors present a critical analysis of the educational legitimacy, purpose and value of current initiatives.

Reinventing the Curriculum: New Trends in Curriculum

Advocates of the approach argue that it provides central guidance for schools and maintains national standards whilst at the same time allowing schools and teachers the flexibility to take account of local needs when designing programmes of education. Reinventing the Curriculum uses Scotland's Curriculum for Excellence as a rich case study, analysing the strengths and weaknesses of this approach to curriculum design and development, and exploring the implications for curriculum planning and ...
