Business

developed a down-to-earth methodology that knocked his routine eighty-hour workweek down to a single hour—while multiplying his bottom-line income more than twenty-fold. In *Work the System*, Carpenter reveals a profound insight and the exact uncomplicated, mechanical steps he took to turn his business and life around without turning it upside down. Once you “get” this new vision, success and serenity will come quickly. You will learn to:

- Make a simple perception adjustment that will change your life forever.
- See your world as a logical collection of linear systems that you can

control. • Manage the systems that produce results in your business and your life. • Stop fire-killing. Become a fire-control specialist! • Maximize profit, create client loyalty, and develop enthusiastic employees who respect you. • Identify insidious “errors of omission.” • Maximize your biological and mechanical “prime time” so that you are working at optimum efficiency. • Design the life you want—and then, in the real world, quickly create it! You can keep doing what you have always done, and continue getting mediocre, unsatisfactory results. Or you can find the peace and freedom you’ve always

wanted by transforming your business or
corporate department into a finely tuned
machine that runs on autopilot!

Business is all about relationships. Forget
B2B and B2C, business is all about P2P. It is
those strong, trusted relationships - with
your customers, your people and your
suppliers, that will deliver sustainable
growth. That trust is built over time, and it
all starts with you: ...with your ability to
articulate your passion and inspire those
around you to join your 'cause'; ...with your
insistence on hiring only those people who

share your values and beliefs, and; ...with the consistency and reliability you build into your business, through simple process and effective systems. Passion + People + Process = A great customer experience. It also equals increased turnover, reduced costs, improved profit, and a business set for long-term growth. This book will show you how process and systems can dramatically increase your revenue and reduce your costs, by supporting your people and making you both consistent, and easy to do business with. It will also show you how you can gain personally, by having: More CONTROL of every

area of your operation; More TIME to work on
your business not in it, and; More PROFIT to
grow the business you always dreamed of.

In every industry, there are companies that
take off. They effortlessly hire talented
people, attract loyal customers, create cool
products and make lots of money. These
companies seem to stand out and scale up
quickly with support from investors, partners
and the media. Sadly, most companies don't
perform this way. Most entrepreneurs aren't
building anything of value. They work hard,
make sacrifices, struggle, dream, plan and

Poland, this book explores the future of capital markets in Poland as well as comparing it with the capital markets of other developed regions around the world. Divided into four parts, the enclosed papers provide a background into the theoretical foundations of capital market investments, explores different approaches—both classical and contemporary—to investment decision making, analyzes the behaviors of investors using experimental economics and behavioral finance, and explores practical issues related to financial market investments, including real case studies. In addition,
