Microblading near Barbican  
Centre, London - Treatwell  
Everyone should have access to  
mobile broadband — at a  
reasonable cost and with  
dependable performance — and  
governments around the world  
have embraced this goal. Success  
depends largely on the supply of  
spectrum made available for  
mobile services. Without  
sufficient spectrum, the mobile  
industry cannot deliver a rich and  
dynamic mobile future for all.
