~~Code from Audi and VW engines~~

VW Engine Codes. This list shows all Volkswagen engine codes used around the world from 1947 to the late 2000s. This listing is sorted numerically, then alphabetically. Early Beetle and Transporter engines made before 1965 did not have a letter code, but rather just a consecutive number. These are listed here as beginning with 010, even though the highest non-letter engine number in ...

Air-cooled VW engines are very interchangeable so when your car's original engine finally died, the mechanic probably just installed a rebuilt engine that came out of another VW. The engine in your VW may have come from a different model (e.g., your bus may have a bug engine) or may not even be the correct displacement (e.g., your '66 bug originally came with a 1300cc engine but now it may ...
