With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes, tyres, transmission, electrics, etc, allowing the owner to address the most regularly serviced items without forking out for additional costs. Illustrated with full colour photographs throughout, and featuring clear, easy-to-follow instructions, this book is a must-have for scooter users.

The national bestselling author of *The Sword*, *The Ring* and *The Chalice* returns the royal court intrigue, the castle secrets, and the crown scandals of her acclaimed trilogy. The throne was her destiny, until Princess Pheresa lost her groom, Mandria's heir, to the dark magic that consumed him. Now Pheresa's fate is uncertain, even when the great King Verence names her Princess Royal, because the title comes with one condition: She must take Lervan, a man of acceptable birth and rank, as her husband. Reluctantly, she agrees. Then, without warning, the old king dies. And Pheresa succeeds to the throne. But all is not well. Many fear that Pheresa has been weakened by the evil magic. Her enemies are strong. Her husband plots against her. And her only ally is the last man she would ever choose—and the one man she should never love.
